## The easiest, most affordable choice for small moves.

At North American Van Lines we understand that every move, regardless of size, is stressful and deserves top-quality service.

That's why we offer northAmerican Lite Solutions, an easier, more affordable option for small state-to-state moves. With northAmerican Lite Solutions, you'll enjoy careful, reliable and courteous state-to-state moving services designed especially for small moves, at a price that's lower than you would expect.

## Why Choose northAmerican Lite Solutions?

### We're More Affordable

When you count all of the costs of Do-It-Yourself (DIY) moving — truck rental, insurance, gas, tolls, hotels and time — it's often not as affordable as you think.

With competitive rates, no weight minimum charges and no fees for inside pick-up and delivery, our solutions are more affordable than other major companies, and it compares favorably with the cost of renting a truck and moving yourself — only without the stress.

### We're More Convenient

Between carrying heavy boxes up and down stairs, loading the truck, and driving cross-country, DIY moving is exhausting and time-consuming.

We eliminate those hassles. Just call us to get a free guaranteed quote, and leave the heavy lifting to us.

Whether you need packing service, multiple deliveries or special preparation, we can tailor our service to you. And we'll provide a single point of contact to manage all the details, so you can focus on settling into your new location.

### We're More Reliable

No matter how small your shipment is, we provide the kind of personal care and attention to detail you expect from a major moving company. It's a difference that shows in our exceptionally low claims rate, and our long list of satisfied customers.

Our professional, licensed household goods movers, take extra care with your valuable belongings. Using blankets, pads and stretch wrap, they'll prepare your shipment to reduce the risk of damage. And thanks to our nationwide network, you can be certain your shipment will arrive when you expect it.
